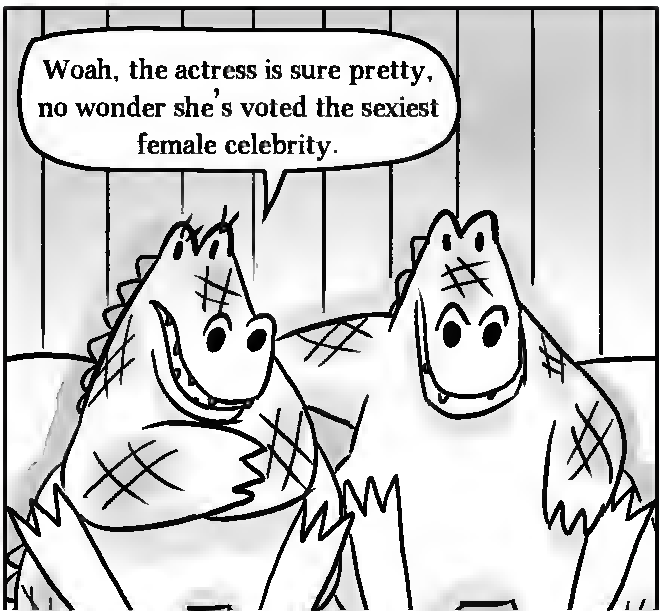
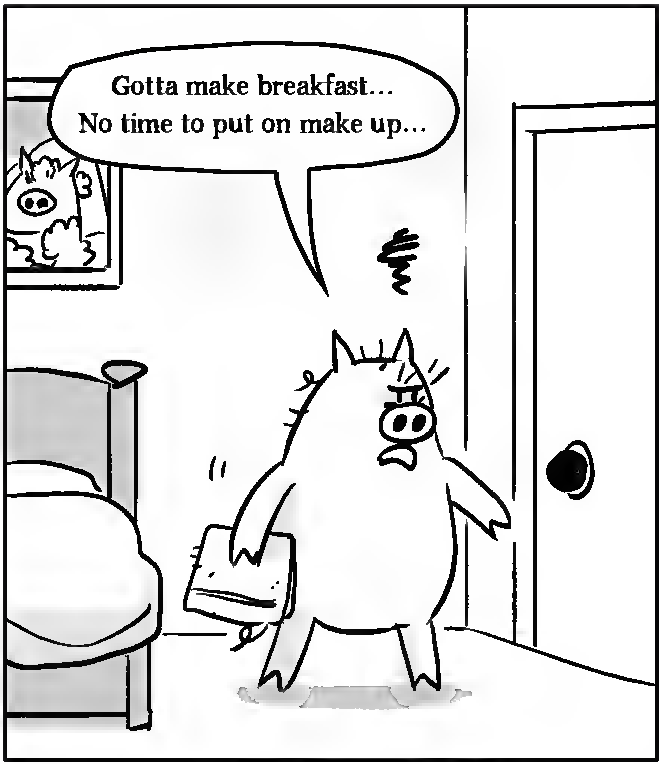
You're Beautiful

MINI SERIES



Woah, the actress is sure pretty, no wonder she's voted the sexiest female celebrity.

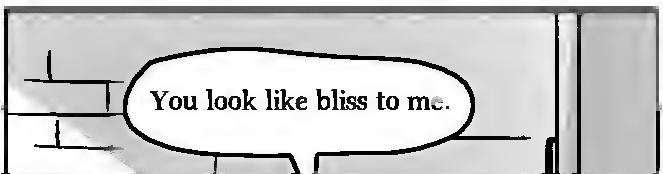
I think you look better.
Oh you~



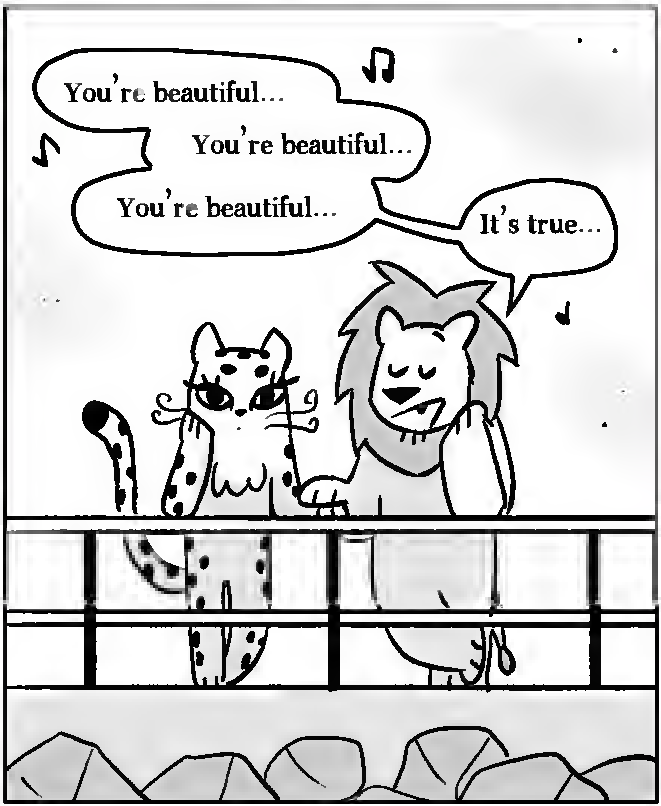
Gotta make breakfast...
No time to put on make up...

Good morning beautiful~
Shut it and have your breakfast!

I pulled an all nighter and I look like a mess now..
Coffee please...

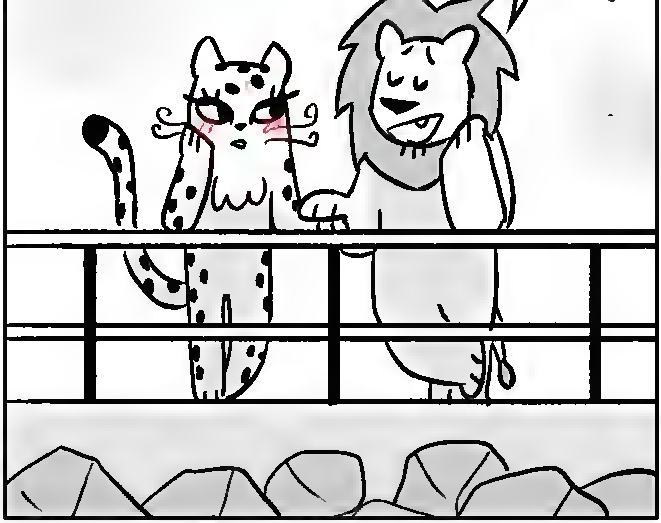


You look like bliss to me.



You're beautiful...
You're beautiful...
You're beautiful...
It's true...

Can't you say something more sincere as a compliment?
But you're beautiful...



Love is when you're always beautiful

in your lover s eyes.
